

TrafficLand Launches New Live Traffic Video Mobile App

See traffic conditions live on your smartphone before you drive

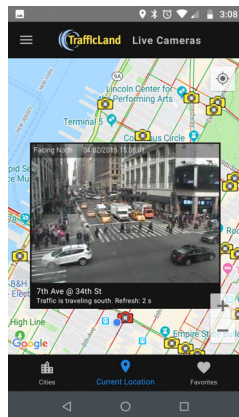

- Access over 25,000 cameras from 200+ U.S. cities
- See live, updating video from state and local Department of Transportation traffic cameras
- Find cameras closest to your current location and in the surrounding area
- Create favorite camera groups for easy access and quick updates
- Map pages include traffic flow data – “Use video to see how red it really is!”
- No advertising
- \$5.99 for an annual subscription
- iOS version for Apple smartphones coming soon

Use the TrafficLand Mobile App to see what’s ahead on your daily commute, or wherever you travel.
